PROFILE

Currently studying Full Stack Web Development through Adelaide University and working as a Technical Assistant in the operations team at MGA Insurance Brokers. Completed a Bachelor of Business Sport & Recreation Management at the University of South Australia in 2017. Two years of experience with WordPress web design & development with a good understanding of both on-site & off-site SEO. Experience with Visual Studio, GitHub, Google Analytics & AdWords, Adobe Software and Google Sheets/Excel.

I have excellent cognitive ability, especially when it comes to new software, which allows me to hastily grasp unfamiliar processes and tasks. I'm a competent worker and proficient when working autonomously or in a group environment. Participated in team sport for over ten years and have often taken up leadership roles, including captaining the first team at Adelaide University Whites Soccer Club.
