PROFILE

Currently studying Full Stack Web Development through Adelaide University and working as a Front End Web Developer for a Graphic & Digital Design company. Completed a Bachelor of Business Sport & Recreation Management at the University of South Australia in 2017. Two years of experience with web design & development with a good understanding of both on-site & off-site SEO. Experience with various CMS' including WordPress, Oncord, Shopify and Neto. Knowledge of Visual Studio, GitHub, Heroku, Google Analytics & AdWords, Adobe Software and Google Sheets/Excel.

I have excellent cognitive ability, especially when it comes to new software, which allows me to hastily grasp unfamiliar processes and tasks. I'm a competent worker and proficient when working autonomously or in a group environment. Participated in team sport for over ten years and have often taken up leadership roles, including captaining the first team at Adelaide University Whites Soccer Club.

EXPERIENCE
